On jumping from barrier 2 and being ridden hard in the early stages to lead, the mare then overraced and refused to settle despite her efforts before establishing a significant lead.   |                      |             |     |                                       |                          |

| S. Comments:App. C Frater-Hill reported to stewards that once obtaining the lead by a considerable distance which is the established racing pattern, the mare then commenced to race keenly and was inclined to lay in. She added that this was uncharacteristic behaviour and as a result felt that this had a detrimental effect on the mare being able to finish the race off and in her opinion the mare may not have been suited to the step-up to 1800m. |                      |             |     |                                       |                          |
