S. Comments:Began awkwardly and bumped. Laid out for the majority. Eased down in the home straight. Rdr advised after being inclined to hang throughout & around home turn, when placed under pressure in the home straight gelding commenced to shift ground and then elected to ease mount down from that point. Tnr advised would now look to enact a gear change. A post-race race vet exam revealed a poor recovery. A vet clearance inclusive of an endoscopic exam and barrier trial to Stewards satisfaction is required before resuming racing

When quest re performance, Rdr reported not intention to settle so far forward, but after being trapped wide early, obliged to pressure mount to obtain a leading position rather than being trapped wide & gelding is better suited settling further back.
