He indicated after being slow to begin his mount did not muster any early speed and he was obliged to pressure the horse throughout the early and middle stages in order to maintain contact with the main body of the field. He added however that PARIS CRYSTAL finished off well and was doing its best work over the concluding stages. He therefore recommended to connections to step the mare up over more ground. Trainer Willick stated that she had only had the gelding in her care for 2 months. She also added that it had continued to improve in itself since entering the stable, and further stated at its most recent start at Murwillumbah the gelding knuckled on jumping and received some tightening in the event, and was advised by is rider to consider stepping the gelding up in distance.
