When questioned re ride, in particular between the 600m and 300m, Rdr said instructs were to be in a forward position, however, gelding failed to muster early speed, so elected to settle at the rear-added near the 500m, elected to ride for luck and stay on the fence instead of being forced to a wide position round h/turn. After viewing the films, Rdr conceded should have placed gelding under more pressure from 600m to be in a more competitive spot & could have shifted to a one-off position near the 500m, which would have afforded clear run round h/turn.

When quest re ride, Rdr stated hoped to take up either a leading position or just off the leader depending on tempo early but was mindful mare being 1st up on heavy track-said elected to sit outside of lead in early & middle stages expecting that gelding to run a stronger tempo & when winner went around field quickly after 800m, mount was left flat footed-said although mare received some tightening in straight, its run had finished-added on reflection, it would have been best to lead & set own tempo.
