S. Comments:When asked about seemingly improved performance, Tnr reported at its most recent start at E/Farm on the 23rd of October, gelding began awkwardly and settled further back in the field than anticipated, and with a more positive ride from the barriers the horse, settled in a more forward position and the drop in grade to country level was beneficial.

Rider expressed disappointment with the performance, stating that the gelding came under pressure under 600m, however responded well when entering the home straight, however proved very reluctant to improve to the inside of runners thereafter. Trainer advised the gelding had pulled up well following the event, however connections would now give consideration would be given to its immediate racing future.
