S. Comments:Began awkwardly and lost ground. Rdr reported Blks were added to gelding's gear today in an endeavour to assist it in beginning better-said gelding was unsettled in the gates and when the start was effected, was slow into stride and settled at the rear-added gelding travelled well in middle stages but when asked for an effort in the straight, responded only moderately and was disappointing. A post-race vet exam did not reveal any abs & sample taken for analysis.

S. Comments:When asked to comment on tactics, Rdr advised not intention to lead, adding horse can be slow out of barriers and today, after being very well to begin from wide gate & with limited speed shown by inside runners, gelding raced keen. Said consequently allowed horse to stride & lead. Added gelding can be a difficult to restrain in its races & for this reason was reluctant to over restrain in early and middle stages. Tnr advised now intention to drop gelding back in distance & consider gear changes, adding would also consider engaging a senior Rdr for future races starts.
