S. Comments:Change of tactics. Connections advised that the horse would be ridden further back in the field if circumstances permit. The horse was ridden accordingly. When questioned regarding the seemingly improved performance, trainer J. Zielke explained that the gelding did not appreciate racing in full-cup blinkers and was better suited to wearing a visor. He added also that the dramatic step up in distance was a major contributing factor in the improved performance. The explanation was noted.

S. Comments:Slow to begin. Trainer J. Zielke reported that the horse returned to scale with its tongue over the bit, which, in his opinion, could explain the disappointing performance. He also added he would now experiment with the addition of a tongue-tie to its gear. A post race veterinary examination of the horse failed to reveal any significant abnormalities.

 S. Comments:Raced wide throughout. Rider questioned re performance. She said after travelling a short distance she was unable to take up a forward position as were her intentions. She said to obtain cover she had to settle further back than anticipated. She further added that upon straightening the filly failed to quicken as expected and proved reluctant to improve between runners. She also stated that over the concluding stages she had some difficulty obtaining clear running but she was still disappointed in the performance. She said the stable said the filly would now most likely be sent for a spell.

Commenced to weaken after passing the 400m and finished at the rear of the field. A post-race veterinary examination revealed no significant findings.

Trainer questioned re improved performance - advised horse now a 9 yo is coming to appreciate softer going and shown best performances up in front and finishes off best in soft going at Gold Coast track.
