S. Comments:Overraced in the early stages. When questioned regarding horse's performance, particularly after passing the 600m, rider said in his opinion the horse did not quicken despite his urgings and this allowed other runners in the field to improve away from his mount. He added that whilst the horse made up ground, he did not feel that the horse had quickened as in his view the horse was passing other weakening runners. He said he recommended to connections that the horse be sent for a spell as he believed it had come to the end of its preparation. Tnr. said the horse would be spelled immediately.

S. Comments:When questioned regarding the horse's performance, J. Byrne stated that after having a favourable run, the horse was then shifted out near the 400m to improve into the race, however failed to respond and was disappointing. He added that the gelding may be better suited on a firmer surface than that of today. Trainer B. Ahrens advised that he felt that the horse does not handle rain-affected conditions and has previously not raced well at this venue. He was of the view that these two factors may have had a detrimental effect on the horse's overall performance.

S. Comments:M. Morris was questioned regarding the tactics he adopted on entering the straight whereby he shifted his mount out, allowing runners to improve to his inside. Jockey Morris explained that after observing the first race he noticed that the winner raced three wide in a 9 metre position, therefore on entering the straight he elected to shift out into that position, which in his opinion has been beneficial to other runners in the past.
