S. Comments:Inclined to overrace in the early stages. Jockey G. Colless was asked to comment on the performance of the horse which finished at the tail of the field. He indicated his mount was making an abnormal respiratory noise and then weakened badly over the concluding stages. A post race veterinary examination revealed the horse was making an upper respiratory noise and cardiac arrhythmia. Connections were advised that the horse must undergo an endoscopic examination and an ECG, with results reported to stewards prior to trialling satisfactorily.

Lloyd was asked to comment on the performance of the horse. He indicated that his mount was fractious in the barriers and reared up and missed the start and he was obliged therefore to ride the horse further back in the field than he would have liked. He further added he had been following NORMANDY, however shifted to the outside of that horse after passing the 600m and shortly thereafter the horse was under pressure and was very disappointing. | S. Comments:Taken wider on the track rounding the home turn. When questioned regarding the tactics she adopted, jockey B. Ainsworth noted that the mare had previously settled towards the rear of the field after beginning only fairly. Ms Ainsworth stated that today the mare began better than anticipated and, mindful of its previous racing pattern, she allowed it to settle at the rear of the field. Ms Ainsworth agreed with stewards that after beginning better than anticipated she ought to have pressed forward initially to secure a position outside of ALLENA in the early stages. |                     |                  |                                     |
