S. Comments:App. K Wilson-Taylor advised that it was not his intention to lead however with the addition of blinkers to the gelding's gear, it commenced to over-race from shortly after the start without being pressured by himself and as a result established a considerable lead over the remainder of the field. Trainer T Thomas advised that the gelding had worked comfortably in preparation for today's event with blinkers on, however based on the racing manners of the gelding today he would now remove the blinkers for the horses gear. Mr Thomas added it would be the intention for the gelding to be ridden wit

S. Comments:Slow to begin. Making the turn out of the home straight on the first occasion, improved onto heels and shifted out abruptly. Due to the moderate temp, over raced at heels for a considerable distance in the early and middle stages. When asked to comment on the performance of the mare, apprentice C Collis advised that in his opinion, the slow early tempo was the major contributing factor in relation to the performance particularly when after being slow to begin, he was forced to obtain a trailing position in the event rather than being able to lead the event.
